Remaining Balance (to be distributed per policy):

I understand that prior to the transfer of any residual balance, funds will first be used to recover the following in the order listed below:

1. The full federally negotiated facilities and administrative (F&A) rate will be collected on the full contract/award amount and distributed according to the current distribution method as established during award setup.
2. Non-payments and deficit amounts on other awards I administer will be covered.

Any balance remaining (for the above) which is 0% or less of the funded amount will automatically be transferred to the unrestricted worktag specified in the award.
